WORK EXPERIENCE

Freelance Cinematographer / Editor 2002 to Present

I've worked in the industry as an active Cinematographer since 2002. In 2005, I moved into corporate video. Then in 2007, I landed a staff job at Spectrum Films in Jacksonville, Florida working with clients such as Sodexo, CSX Railroad, and McKesson Medical to name a few. Since then, I have freelanced for companies such as NASCAR Studios, CNBC Digital, Jupiter Entertainment, Sockeye Media, Spectrum Films Jacksonville, McCosh Films, Starscape Media, Dreams Come True (non-profit), Tebow Foundation (non-profit) and many others.

Camera Assistant Film and Television 1994-2002

After a summer internship with a few production companies in Jacksonville, Florida, I worked on several Movies of the Week for FOX, ABC, and NBC. I started as a film loader before advancing up the ranks to eventually become first assistant camera on these productions as well as some second unit feature work, music videos as well as some national commercial campaigns. I worked extensively with 35 & 16mm Arri and Panavision film camera packages.

EDUCATION

Maine Media Workshops / 1993

Attended several workshops in preparation for becoming a camera assistant with a special emphasis on Director of Photography.

Various Colleges / 1985-1991

I attended a few different colleges before discovering my path. I studied at the University of Florida and Santa Fe Community Colleges in Gainesville, Florida. Followed by Propersi Institute of Art in Connecticut and finally Monroe Community College in Rochester NY. During my studies at MCC in Rochester, I discovered filmmaking and what I was meant to do. Once I knew my path forward, I did not obtain a degree but pursued the hands-on vocational training by working on Hollywood film sets before eventually settling into corporate work.

Hard Skills:

- Cinematography / DP
- Camera Op
- Lighting
- Audio (one and 2-man teams)
