Our Promise

To create a new standard of on-the-go living.

We believe that every traveler, no matter the reason for their journey, should have the comforts of home while being on-the-go.

Stay Sojo implies both a place and an action. Instead of saying you travel, one can say you “sojo,” representing where and how they stay. It’s light, relatable, and speaks to the adventurer. It feels a little edgy and posh, as if it represents a secret travel club, where people would say “wait, have you not heard of Stay Sojo?” It’s unconventional, luxurious yet welcoming, and represents a way of life.

The true value is in the service Stay Sojo provides - one you can rely on to think of every detail for your travel experience, so that all you have to do is show up and make yourself at home.

It doesn’t matter who you’re with or why you’re going, but wherever you go... Stay Sojo.
