

David Cox

Chattanooga, TN

Life-long still photographer. Worked as a photographer for the News Service Bureau of Arkansas State University while in school. Graduated with a BS degree in Printing Management. Now retired from my Photoengraving business.

In recent years I have developed a keen interest in storytelling through video media. I've been an FAA licensed drone pilot for 3 years bringing my videography to new heights (pun intended 😊). I love everything about filming, shooting, editing, sound, etc.

I have been a member of the Chattanooga Filmmakers Guild for the past two years and have made lots of contacts with people involved in the business. I thoroughly enjoyed working on the production of *Country Rain* and was blessed by the many friendships made there.

When I'm not photographing I serve as an Emergency Medical Responder and Swiftwater Rescue Technician with the Mowbray Volunteer Fire & Rescue. For the past four years I have served as a docent at the National Medal of Honor Heritage Center in Chattanooga. I am a Division Commander with the U.S. Coast Guard Auxiliary and, among other things, sound Taps for our deceased veterans as a Military Funeral Honors bugler. Whitewater kayaking and sailing are a couple of things I enjoy.

On Sundays I serve my Lord and my church in the "booth" providing the onscreen graphics in the sanctuary and controlling the three PTZ cameras for our livestreams.
