B I O

With over nine years of experience in the film industry, I've contributed to a wide range of projects including feature films, documentaries, television shows, commercials, and music videos. I specialize in camera and drone operation as well as assistant camera roles. I bring a strong technical/creative skill set with attention to detail to every team I'm a part of. I'm a motivated and adaptable crew member, always ready to take on whatever the production demands.
