

COVER LETTER

BOB SCHRECK

Greetings,

I am an experienced hybrid (Claims, Surveillance, and SIU) private investigator currently licensed in the States of Tennessee, Kentucky, West Virginia, and North Carolina. I am retired law enforcement criminal investigator with several areas of expertise. I am looking to parlay my experiences as they apply to a non-governmental investigative role. I previously held a Top Secret/Secured Compartmentalized Information (TS/SCI) clearance. As such, there should not be much difficulty in renewing my clearance, if needed.

I am experienced as a criminal investigator, but I also have 25+ standard, advanced, and specialized law enforcement schools and certifications under my belt. I also hold an active Tennessee Armed Guard license. I worked a wide variety of crime types from property crimes to international and multi-state narcotics investigations which include pen registers, intelligence, Title III wiretaps, and liaising with multiple federal, state, county, and local law enforcement agencies, as well as private companies such as telephone companies, cell phone companies, internet providers, et al. Additionally, I often interfaced with state and federal courts and judges.

Further, during my career I have had numerous special duty assignments which widely broadened my experiences. Such assignments included computer forensics, physical and personnel vulnerability assessments, Operations Security (OPSEC), and personal protection.

I authored the A+ Computer Technician Instructor's Manual via McGraw Hill (ISBN-10: 0072133457; ISBN-13: 978-0072133455).

I am also a Krav Maga Instructor and former law enforcement instructor for the State of Florida.

I am a Certified Computer Forensics Examiner with experience with Forensics Tool Kit (FTK).

Please review my attached Curriculum Vitae. While it is rather long, it is not intended to be braggadocios. It does, however, speak to my character in my work, studies, and hobbies as to always advance, always take the extra step, always ask the extra question, always keep learning, and always try to do the best possible work.

Thank you for your consideration.

Very respectfully submitted,

Bob Schreck

CURRICULUM VITAE

BOB SCHRECK
