

CRAIN builds
relationships
and structures
to last a *lifetime*

We understand every client and project is unique.

Regardless the size or difficulty of the project, we collaborate to find the best solution and deliver on our commitment to schedules and budgets.

Owners and subcontractors have come to depend on us for our outstanding safety, prompt project delivery, wide range of experience, competitive pricing and our strong relationships with local codes officials, subcontractors and material suppliers.

Starting with preconstruction, we consider the owner's needs and incorporate those into the design, including timeline of delivery, equipment necessities, production flow and client's workforce.

Clients know we will be a considerate neighbor, maintain a safe worksite and engage in ongoing communication through successful completion of the project.

"Your professionalism, communication and attention to detail are experienced from groundbreaking to grand opening and beyond."

– Hilton Worldwide

"Through careful design and excellent working relationship, Crain was able to pull off the unexpected."

– Old Dominion Freight Line, Inc.

We earn repeat business from our clients.

We are proud to have earned the trust and repeat business of clients in many industries, including the following:

- Commercial/Mixed Use
- Hospitality
- Industrial/Warehouse
- Institutional
- Retail
- Telecommunications

“The professionalism, attention to detail and refusal to fail are qualities that will keep us looking forward to future business with Crain Construction.”

– Verizon Wireless

We always do the right thing.

Crain Construction, Inc. provides superior preconstruction, design/build, sustainable construction, construction management and general contracting services throughout the Southeast.

“Your people are the most professional members of the construction industry we have encountered in our 20 years of real estate development.”

– Carothers Park LLC

Honesty.

Collaboration.

Eighty-plus years of experience.

This is what Crain Construction brings to your project.

"Crain is a company with integrity,

character, and superior quality."

– Lipscomb University
