Work Experience

Amazon Warehouse Associate

Amazon Warehouse-Nashville, TN

November 2024 to Present

Stock Associate

ZARA-Nashville, TN

August 2023 to November 2024

As a stock associate I handle operations of all products that are received and shipped. I am in communication with our commercial and upper management teams. It's my duty to manage the stock room inventory and send out the correct product to the sales floor. I have also received management training in my time here.

Operations Manager

ZARA-Nashville, TN

August 2023 to November 2024

As an operations manager I oversee the movements of stock received and shipped from the store. I manage the stock team whom control the flow of stock that is sent to the sales floor and received back to the stockroom. I also collaborate with the commercial and management teams.

Uber Eats Driver

UberEATS-Nashville-Davidson, TN

March 2021 to July 2024

As an Uber delivery driver I travel all over middle Tennessee to deliver from all available restaurants and occasional retail stores for customers.

Technician

Smile Direct Club-Antioch, TN

January 2020 to March 2021

At smile direct club I worked as a warehouse technician. Primary I would work on various equipment to manufacture aligners and retainers for our customers. This required me to know the ins and outs of the equipment whether it be manual or automated.

Sales Associate

H&M-Nashville, TN

October 2018 to January 2020

As a sales associate I often had various duties. From unboxing the product to assisting customers I performed nearly every duty required outside of management.

Laborer/Equipment Operator

Renue Systems-Brentwood, TN

June 2018 to September 2018

At Renue I was a primary laborer. My position required me to operate cleaning equipment, Drive the utility truck, and associate myself with clients. Travel outside of our base was a consistent factor.

Laborer

H & M cleaning-Nashville, TN
September 2017 to March 2018

I worked both in and out of Tennessee's capitol building. There I installed wall accessories such as fire hydrants, soap dispensers, etc. I also loaded/unloaded trucks, fixed water leakage, and cleaned debris and trash. I assisted other subcontractors on the job as well.

Laborer

ATKINSON CONSTRUCTION-Golden, CO
July 2016 to June 2017

This was a mining job. I had many roles throughout my time with Atkinson. I started out cleaning the offices and organizing equipment and parts. I then worked my way up to loading concrete trucks and flagging traffic. I progressed into operating machinery such as a shotcrete robot, backhoe, and skidster. I also was licensed to handle explosives.

Education

Over 2 years in Video production

Middle Tennessee State University-Murfreesboro, TN
January 2017 to December 2019

High school diploma or GED
