

# Client List

Even though we play in the big leagues, we stay down to earth and treat every client with tender loving care. For film & video production as well as photography, both businesses and agencies love what Michael offers. Michael's eye for quality & professional style attracts the biggest names in the world. Here's a list of the clients that we've worked with locally, nationally and internationally. We work with a variety of businesses no matter how big or how small.
