PRAISE FOR "THE LION OF JUDAH"

"Absolutely dazzling! ...a very exciting score...thematically rich and expertly orchestrated...with exciting action and stunning beauty." — *Mikael Carlsson, Founder, International Film Music Critics Association*

"Greg Sims has the talent to pull off a score of The Lion of Judah's richness...Sims' score is the definition of musical production value, creating a surging scope worthy of a biblical epic, evoking tenderness and dire suspense. The trumpeting danger of Judah ends up sounding like more of an adventurous cliffhanger than anything you'd consider cartoony, which is a measure of the melodic grandeur that Sims brings to the film...The Lion of Judah is truly inspiration." — *Daniel Schweiger, Film Music Magazine Soundtrack Pick*
